

## Judgment (Statewide Lien) Reports

The Civil Judgment and Order Docket (CJ&OD) contains a list of all statewide liens in the State of New Jersey. Judgments are recorded as statewide liens upon request and payment of the applicable fee. Most judgments expire after 20 years; so a request for 21 years worth of judgments will result in a report that includes the entire active database. Most of the judgment reports available are provided on paper. Please note that JDC0501 and JDC0503S are not reports but data files. Data files can only be read with a Record Layout, which is provided. The judgment documents themselves are not included in any of the reports.

**Note:** Electronic information is made available only in the form in which it is maintained or used by the Judiciary, pursuant to Court Rule 1:38. The Judiciary does not engage in custom programming for private interests.
