

# New Jersey Judiciary Language Services Registry of Interpreting Resources

**The New Jersey Judiciary’s *Registry of Interpreting Services (Registry)* exists to serve the New Jersey Courts.**

- This *Registry* includes “approved” and “registered” individual court interpreters.
- This *Registry* also includes agencies. Inclusion of an agency in this *Registry* does not constitute any type of endorsement, approval, or certification of the agency.
- This *Registry* includes “approved” and “registered” individual court interpreters who reside in or near enough to New Jersey to provide interpreting services to New Jersey’s courts on a regular basis. Persons who reside a great distance from New Jersey are generally ineligible.
- As of November 13, 2009, the number of languages under which any individual interpreter or agency is included in this *Registry* is limited to six language options. Agencies that provide services in more than six languages may chose the “Any Language” option as one of their six language options.
- For more information about this *Registry*, please read the [Registry Overview](#) posted on the New Jersey Judiciary’s web site, [www.njcourts.com](http://www.njcourts.com).

## **How to search in this *Registry*:**

- Starting at the **beginning** of the document select the “EDIT” option from the menu, then select “FIND”.
- In the “FIND” dialog box type a search option such as a language, an individual interpreter name, or an agency name.
- Press the Enter key to go to the first listing. Press the Enter key again to jump to additional listings.

Note: There is a section at the end of this *Registry* labeled “Any Language.”
