INSTRUCTIONS FOR THE NOTICE OF DETERMINATION OF CONTROLLING ORDER

PURPOSE OF THE FORM:

This notice provides a standard format for alerting entities in other jurisdictions that a controlling order determination has been completed by your tribunal. The actual determination will likely be in a state-specific format (e.g., order or form), which may be attached to the standard Notice of Determination of Controlling Order.

Complete this notice when your state's tribunal makes a determination of controlling order. UIFSA includes provisions to ensure that there is only one valid order between the parties that controls the amount of **current** support. The need for a determination of controlling order should be rare because there are few cases where there are still multiple valid orders with a current support obligation.

The information on this form may be disclosed as authorized by law.

If you are not the intended recipient, you are hereby notified that any use, disclosure, distribution, or copying of this form or its contents is strictly prohibited.

Italicized text that appears within a "box" refers to policy or provides additional information.

Tribal IV-D programs may choose to use the federal Intergovernmental forms. However, they are not required to use or accept such forms. If you have any questions, contact the tribal IV-D agency directly using the contact information on the OCSE website.

Where forms request a locator code, note that tribal locator codes uniquely identify tribal cases with "9" in the first position, 0 (zero) in the second position, and then a 3-character tribal code defined by the Bureau of Indian Affairs (BIA).

You must use the Notice of Determination of Controlling Order to notify:

- The initiating IV-D agency if you are acting as a responding jurisdiction in an interstate action;
- Any tribunal that issued, registered, or is enforcing a child support order governing the same obligor and child(ren);
- Any IV-D agency with an open or a closed IV-D case for the parties;
- A party to the order (i.e., the obligor or obligee), as appropriate;

HEADING/CAPTION:

- Enter the date the notice was issued.
- Identify the **obligor** and **obligee** by full legal name (first, middle, last, suffix) in the appropriate spaces.
- Check the appropriate box to identify the type of IV-D case: TANF, IV-E foster care, Medicaid only, former assistance, never assistance, or non-IV-D.

TANF means the obligee's family is currently receiving IV-A cash payments. A Medicaid only case is a case in which the obligee's family receives Medicaid but does not receive TANF. A former assistance case might be a case for state arrears only or for a family that previously received TANF, but is not doing so at this time.

- In the space marked "To:", list the name and address (street, PO Box, city, state, and zip code) of the court or agency to which you are sending the Notice of Determination of Controlling Order.
- In the appropriate spaces, if applicable and if known, enter the responding jurisdiction's locator code, state, IV-D case identifier, and tribunal number.

The responding jurisdiction is the jurisdiction that is working the case at the request of the initiating jurisdiction. Under "IV-D case identifier", enter the number/identifier identical to the one submitted on the Federal Case Registry, which is a left-justified up to 15-character alphanumeric field, allowing all characters except asterisk and backslash, and with all characters in uppercase. Under "tribunal number", you may enter the docket number, cause number, or any other appropriate reference number that the responding tribunal may use to identify the case, if known.

- In the space marked "From:", list the contact person, agency name, address (street, PO Box, city, state, zip code), direct telephone number (including extension), fax number, and e-mail address.
- In the appropriate spaces enter the initiating jurisdiction's locator code, state, IV-D case identifier, and, if applicable, tribunal number.

The initiating jurisdiction is the jurisdiction that referred the case to the responding jurisdiction for services. Under "IV-D case identifier", enter the number/identifier identical to the one submitted on the Federal Case Registry, which is a left-justified up to 15-character alphanumeric field, allowing all characters except asterisk and backslash, and with all characters in uppercase. Under "tribunal number", you may enter the docket number, cause number, or any other appropriate reference number that the initiating tribunal has assigned to the case.

In the "NOTE:" section, check any of the following that apply:

- Check "**This form sent through EDE**" if this form was sent through the Electronic Document Exchange (EDE).

Supporting documentation should be sent through EDE, whenever possible.
