

## **8. Order Mandating the Continued Conditional Release of NGRI Acquittee**

The following order is to be used after the court determines that a NGRI acquittee previously placed on conditional release maintains the need to continue in that status. In order to ensure proper reporting to the court, the clerk of the court will send a copy of the court order to Clinical and Executive Director of the community-based provider agency where the individual is receiving services. The elements that are required as part of the reporting to the court should be detailed in the court's order to ensure that the court receives adequate information.

The court order should clearly detail the conditions that form the basis of the clinical supervision by the mental health agency in the community.
