CIVIL ACTION

CASE MANAGEMENT ORDER #6

All prior orders remain in full force and
effect except as modified by this Order.

FILED

JUN 11 2015

BRIAN R. MARTINOTTI, J.S.C.

THIS MATTER having been reassigned to the Bergen County Vicinage, from Atlantic County, pursuant to the Supreme Court's Order of October 31, 2014; having conducted a CMC; counsel appearing; for good cause shown and for the reasons set forth on the record;

IT IS on this 11th day of June 2015, **ORDERED** as follows:

PART I

ORDERS ENTERED SINCE LAST CASE MANAGEMENT CONFERENCE

1. N/A

PART II

COMPLIANCE WITH PRIOR ORDERS

1. **Case Management Order No. 5 entered March 18, 2015**
 - a. The parties are proceeding with case-specific discovery. However, due to the length of time expended in records collection and updating authorizations for

same, the parties agree they will not be in a position to meet and confer to discuss the bellwether cases by the June 13, 2015 deadline since fact depositions are scheduled for after the deadline. Likewise, the parties further agree that fact discovery will not be concluded by the July 6, 2015 deadline. Accordingly, the parties jointly request additional time for the completion of fact discovery. A proposed new Case Management Order is attached here as Exhibit A and will be entered by the Court.

PART III

CASE MANAGEMENT

1. Case specific discovery of bellwether trial pool cases

- a. Pathology protocol. Defendants proposed a protocol substantially similar to the protocol that has been in place in the MDL for some time now, and in response Plaintiffs have requested substantial changes to the pathology protocol, consistent with the historical practice of the New Jersey plaintiffs over the last several years. The parties will continue to meet and confer on this issue and will include as Agenda item for the next Case Management Conference if necessary.
- b. Ex parte communications with plaintiff's treating physicians. The parties have not reached an agreement on the protocol to be utilized concerning Plaintiffs' counsel's discussions with treating physicians. The parties request permission from the Court to submit opposing protocols, with a brief statement in support; alternatively, Defendants request permission to file a motion within fourteen days. In the interim, consistent with the Court's instruction at the last case management

conference and CMO # 5, Plaintiffs' counsel may speak with treating physicians about their care and treatment of the plaintiff but may not discuss with or show the doctors internal company documents or otherwise discuss liability themes.

Counsel shall continue to meet and confer to resolve this issue.

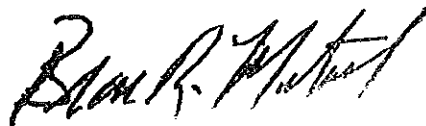

- c. Defendant Fact Sheet ("DFS") production. Defendants have suggested that they be permitted to halt production of DFSs in the non-bellwether cases in exchange for Plaintiffs providing the limited Plaintiff Profile Form as opposed to the more extensive Plaintiff Fact Sheet. This agreement was reached in the MDL, and it is Defendants' position that it would be mutually beneficial to both sides to reach the same agreement here. The New Jersey plaintiffs disagree and have rejected this proposal. Plaintiffs see no basis for or benefit to relieving Defendants of their discovery obligations. Defendant shall serve Fact Sheets in all cases in which the Plaintiff has already prepare and served PFS. Thereafter, without prejudice to modification, Plaintiff shall file a Profile Form similar to that filed in the MDL.
 - d. Use of Marker (vendor) for the collection of medical records. A dispute has arisen regarding the scope of an Order entered in this litigation on May 11, 2011. The parties will continue to meet and confer on this issue and will include as Agenda item for the next Case Management Conference if necessary.
2. The cases involving Covidien are hereby stayed until July 23, 2015. On that day, the Court will re-visit whether the stay remains appropriate.
